

Orepath Capability Statement

2025

Allow Orepath to be the catalyst for mining excellence

Redefining mining's future with expert advisory, innovative software, and tailored solutions.

OREPATH AT A GLANCE

multi-disciplinary team

strong technical leadership

strong lineage of clients

Orepath redefines mining's future with expert advisory, innovative software, and tailored solutions. We help clients resolve challenges that arise due to scalability issues and unlock new opportunities.

We recognise that many challenges in mine sites and the planning process go unaddressed due to scalability issues or financial inefficiencies.

We believe that perfection is a result of many small things done right.

We provide project consulting and software solutions that tackle these problems before they erode asset value.

With a small, agile team, Orepath is capable of providing smart, tailored solutions for lasting impact.
